Hi Paul,

It gives me great pleasure to recommend you for your upcoming contract. Working with you over the past three years has indeed been a pleasure as I consistently receive exceptional feedback about the results that you have achieved.

Clearly, having selected you as our official photographer for such key events as our annual Lumière Gala must indicate our trust in your art. It is a massive challenge to capture the many important moments of such an event that is not only packed, but constantly moving. You and your team have excelled in documenting these important events. Of note in particular is how you have built on what you've learned in previous years to further enhance the quality of the range that you have shot to include complicated fireworks shots from unexpected angles.

Given the complexity of the event with over 500 people in attendance and so many VIPs moving amongst the crowd and speaking at different times, I am still amazed that you have always been able to "get the shot". Your professionalism and experience are evident.

Many of our guests that have hired you for their weddings have also commented on their satisfaction with your work. In particular, that large South Asian wedding that you shot a couple of years ago continues to generate positive comments when we show the images to our guests.

I wish you every success in your work and am very confident that anyone who has the privilege of working with you will be thoroughly satisfied with the experience as well as the resulting images. Should your contact have any further questions, it would be my pleasure to speak with them directly.

With best regards,

Caroline Savignac
